a historical overview of the rise of the mongol empire in asia its effects and its legacy

genghis khan was a warrior and ruler of genius who in the late twelfth and early thirteenth centuries brought the nomadic tribes of mongolia together under his rule and then turned his attention beyond his borders this volume chronicles the history of the ancient people of the steppes the rise of genghis khan and reforms under his rule his conquests in northern china and western asia and the history of the mongol people after genghis khan

genghis khan is one of history's immortals a leader of genius driven by an inspiring vision for peaceful world rule believing he was divinely protected genghis united warring clans to create a nation and then an empire that ran across much of asia under his grandson kublai khan the vision evolved into a more complex religious ideology justifying further expansion kublai doubled the empire's size until in the late 13th century he and the rest of genghis's golden family controlled one fifth of the inhabited world along the way he conquered all china gave the nation the borders it has today and then finally discovered the limits to growth genghis's dream of world rule turned out to be a fantasy and yet in terms of the sheer scale of the conquests never has a vision and the character of one man had such an effect on the world charting the evolution of this vision john man provides a unique account of the mongol empire from young genghis to old kublai from a rejected teenager to the world's most powerful emperor

memories of the mongol empire loomed large in fourteenth century eurasia robinson explores how ming china exploited these memories for its own purposes

drawing upon research carried out in several different languages and across a variety of disciplines the mongol world documents how mongol rule shaped the trajectory of eurasian history from central europe to the korean peninsula from the thirteenth century to the fifteenth century contributing authors consider how intercontinental environmental economic and intellectual trends affected the empire as a whole and where appropriate situate regional political social and religious shifts within the context of the broader mongol empire issues pertaining to the mongols and their role within the societies that they conquered therefore take precedence over the historical narrative of the societies that they conquered alongside the formation conquests administration and political structure of the mongol empire the second section examines archaeology and art history family and royal households science and exploration and religion which provides greater insight into the social history of the empire an aspect often neglected by traditional dynastic and political histories with 58 chapters written by both senior and early career scholars the volume is an essential resource for all students and scholars who study the mongol empire from its origins to its disintegration and legacy

presents the untold story of mongolia and its people utilizing the latest results of research in archaeology forensics history art and literature in a book whose clear prose beautiful design and wide ranging illustrations will fascinate general readers as well as scholars

the current condition of each citizen the society and the nation are the result of a deeply complex history but what we know from history books especially academic textbooks are constructs based on the narratives of political powers colonists and outdated socioeconomic analysts the time has come to know and understand our true history from fresh and updated perspectives the subject of this book is how foreign ideologies and forces christian islamic and later colonists western and marxists profound and long term influence have impacted india her society and people with a computer science background kanchan banerjee makes this remarkable and significant contribution attempting to depict the current era with unique and lively storytelling using carefully studied evidence logical deduction and analysis he has given detailed and comprehensive descriptions and assessments from pre islamic arabia's history foreign attacks and invasions of the huns the turks to the islamic rule and occupation in delhi and the british colonial and imperial atrocities how did the crash and fall

of a great ancient civilization happen how has it been wounded the body and soul of a nation to break into several pieces and what is the way to change the direction to the path of recovery and revival this book is an effort to find the answers to these questions from our true history if we know our past we can change our future as well

the mongol empire in world history covers an exceptionally large physical landscape this volume traces the creation of the mongol empire of the thirteenth and fourteenth centuries an empire that at its greatest extent stretched from eastern europe and the middle east in the west through central asia and inner asia to modern korea and china in eastern asia its impact on the peoples of asia the middle east and europe are felt to this day written for non experts this book seeks to introduce general readers to the complex impact of the mongol empire on world history while the military impact of the mongols does appear in this volume readers will come away with a greater appreciation of the broader impact of mongol actions including especially the impact on trade and the spread of ideas including technology and art encouraged by the mongol empire the key issues in asian studies series is the perfect place to present this topic to a wide reading public provided by publisher

four themes dominate this study of the late mongol empire in northeast asia the need for an all inclusive regional perspective pan asian integration under the mongols the tendency for individual and family interests to trump those of dynasty country or linguistic affiliation and the need to see koryŏ korea as part of the wider mongol empire

an english adaptation of helmolt s weltgeschichte with a rejection of sections which did not seem quite adequate from the point of view of its english readers publisher s note

offers pedagogical techniques for teaching literature and culture of the medieval world including legends about alexander and prester john and contact points such as the silk road and the mongol empire gives syllabus suggestions for undergraduate and graduate courses in literature history religion and languages includes a list of resources

this book explores the rise and establishment of the mongol empire under chinggis khan as well as its expansion and evolution under his successors it also examines the successor states ilkhanate chaghatayid khanate the jochid ulus golden horde and the yuan empire from the dissolution of the empire in 1260 to the end of each state

the historical dictionary of the mongol world empire examines the history of the mongol empire the pre imperial era of mongolian history that preceded it and the various mongol successor states that continued to dominate eurasia long after the breakdown of mongol unity this second edition contains a chronology an introduction appendixes and an extensive bibliography the dictionary section has over 900 cross referenced entries on important personalities politics economy

foreign relations religion and culture of the mongol empire this book is an excellent resource for students researchers and anyone wanting to know more about the mongol empire
